To Please the Palate
is our aim in serving meat—to retain
the fine flavor Nature bestows, not
let it go to waste, as some meatshops
do. With prolonging this true tale, it
may be set down for a fact that here is

Mrs. Mary Swift, one of this county's oldest residents, is lying dangerously ill at her home on Tenth street. She is failing rapidly and her friends are pained to learn that her life is perhaps only a matter of hours.

Easter service at the Baptist church Sunday afternoon at 3:45. Special music. Mr. Couch will sing "Crown Him Lord of All," and Mrs. Couch will render a contralto solo, "The Gates of Dawn." Other singers also, from Palo Alto, are expected. The Sunday school meets at 2:45.

The attractive appearance of the numerous places of business in Redwood is commented upon by all visitors. The window displays are certainly very inviting, and fair treatment and good bargains are secured on the inside.

There will be a game of baseball on the local diamond tomorrow afternoon, at 2:30, between the Redwoods and Mayfields. The local team will appear in their new suits to start the season's play.

Mr. Tuckson, for a number of years a resident of Woodside, has rented the J. A. Hooper place, formerly Wentworth's, and is planning to go into the real estate business. He will be associated with Curran Clark, of San Francisco and Redwood City.

The Santa Clara district association of Congregational churches will hold their annual meeting with the Congregational church at Redwood City on Wednesday and Thursday, April 18th and 19th. An interesting program has been prepared and all are cordially invited to attend.

All the members of this party of tourists are very appreciative of the climatic advantages of this coast.

The United Gas and Electric Company has adopted a modern and economical plan for delivering the crude oil needed in the manufacture of gas at its station. Instead of hauling the fluid it is now forced through a four-inch pipe by a steam pump from a point in the railroad company's lot, near the county road, to the station. The pipe parallels the railroad track and crosses Arguello street to Fifth, thence to B and along that street to the gas works.

COMING TO CALIFORNIA.
The forty-fifth annual convention of the National Educational Association will meet in San Francisco, July 9th-14th. Already elaborate plans for entertaining 100,000 or more visitors are being made by local committees. Since the convention of the same association was held here several years ago San Francisco has assumed more the air of a metropolis. Hotels and apartment houses have gone up in all directions, and the committees feel sure that the population of two or three cities could move to San Francisco and find enjoyment and comfort. The overland railways will make low round trip rates from eastern points to all California terminals, and special emphasis will be laid on making the round trip include Los Angeles and Portland, as well as San Francisco traveling by the coast line "road of a thousand wonders."—Sunset Magazine for April.

GREEK LETTER SOCIETY.
Fourteen girls of San Francisco and vicinity have just formed a new Greek letter society, Delta Phi Delta. The girls represent Mills College, Irving Institute, Lowell High, Mission High and the Girls' High schools, besides the high schools of Redwood and Oakland. The society has entered upon what it intends shall be a national career, and will grant charters to new chapters throughout the country. The following are the fourteen charter members: Miss Phoebe Ralsch, Miss Bessie Gower, Miss Viola Hanson, Miss Lillian Warrington, Miss Inga Anne, Miss Ausler Anne, Miss Gertrude Roberts, Miss May Turner, Miss Gertrude Johnson, Miss Ruby Ralsch, Miss Mel Brown, Miss Alma Sea, Miss Ethel Rodda and Miss Viola Mattner. The Examiner of Thursday contains handsome vignette illustrations of all the young ladies above mentioned.

MISS FRANCES DOYLE INJURED

Tossing on a cot in one of the wards of the Lane hospital, San Francisco, lies pretty Frances Doyle, daughter of John T. Doyle, the veteran lawyer of Menlo Park.

Miss Doyle is suffering from an injury caused by falling from a second story window. The accident occurred several days ago and the first thought was that it could not be serious. Wednesday, however, she was removed from the Children's hospital where she was first taken, to the Lane hospital, where she is resting easy, with chances of recovery.

Highly cultured and endowed with talents that fitted her to assume in society the position which she commands by right of birth and family connections, Miss Doyle chose rather to devote her energies and her talents to the cause of the poor, and for some time has been a resident of the Nurses' Settlement at 420 Tehama street, presided over by Miss Octavine Briggs. There she labored with earnestness, finding greater happiness in the work of the settlement than had been hers in the years she had devoted to the pleasures of society.

It was while leaning over upon a shelf in which potted plants were growing on the sill of an upper story window, that the supports gave way and Miss Doyle lost her balance and fell. The nurses and neighbors who ran to her assistance in response to her cries wondered that she had not been killed. They carried her into the house and it was found that no bones were broken, although some of the tendons were badly wrenched, causing considerable suffering.

At the hospital it is said the patient is resting easily.

OFF FOR MEXICO.

R. H. Jurey of San Mateo and D. E. O'Keefe of Redwood City, and their wives, departed for Mexico Tuesday on the excursion participated in by the California Press Association. The editorial party comprises about seventy well known gentlemen and ladies, and this excursion promises to be one of the most notable in this history of the association.

Six full days will be spent in the City of Mexico, affording opportunity to visit the magnificent Cathedral on Easter Sunday, when impressive services will be held. The itinerary also includes visits to the government palace, with its wonderful hall of the ambassadors; the national museum, with its fine pictures; Aztec calendar and ancient sacrificial stone; an afternoon drive along the beautiful Paseo de la Reforma to Chapultepec, the west point of Mexico and the summer residence of the president; a visit to Guadalupe, to the floating gardens, with a trip on the Vega canal; ashlins of the tree of Noche Triste, with perhaps a side trip to Guernavaca in the tropics and the historic palace of Cortez, the famous Borda gardens and other points of absorbing interest.

Stops will be made returning at Queretaro, the strawberry city, the wonderful acrobats of Aguascalientes, and the hot springs of Aguascalientes; and those who desire will visit the Grand Canon of the Colorado.

The train carries a baggage car, accessible at all times on the journey; a dining car, in which meals will be served a la carte, and six drawing-room sleepers. During the sixteen days scheduled for the excursion the tourists will make the train their home.

The party was accompanied by those two popular railroad representatives H. R. Braden of the Southern Pacific and H. C. Archer of the Mexican Central, who will be expected to answer all questions propounded by the seventy newspaper representatives among others, and bring the whole party home safe, sound and happy.

BAY SHORE CUT OFF.
Over twenty years ago the late Senator Stanford conceived the idea of a Bay Shore cut-off whereby trains could be gotten into San Francisco, on a level, gradeless track. Today his pet dream is well along toward realization. We of the peninsula have waited long and patiently for this new line, so long indeed that it is hard for us to realize that our hopes are now fulfilled. At that time the Southern Pacific had not learned the costly lesson of what four-track traffic means in a single track tunnel. The cut-off is costing over two hundred thousand dollars per mile. It is overcoming great natural obstacles in its way and for these reasons is most interesting from an engineering point of view. The date of its completion must for some time remain a matter of conjecture. Labor is scarce in California and thus the work is impeded. The first of the new year, however, is a very conservative date for the opening of the new line.—Burlingame Advance.

EL CAMINO REAL.
There is always something romantic and pleasing in a new-sounding name (says a writer in the Sacramento Union) which one does not fully comprehend, that vanishes when we know its meaning. El Camino Real is spoken of in a translation as "The King's Highway." If the Spanish had called it so, it would have been El Camino del Rey; but, as a matter of fact, it was simply the true road, or highway, as we say, "the county road."

Love is responsible for two-thirds of the happiness in the world—also for nine-tenths of the misery.

I sat me down and thought profound;
This maxim wise I drew:
It's easier far to like a girl
Than make a girl like you.

ALL AROUND THE COUNTY.

Events of the Week as Recorded by
Corps of Special Correspondents.

WOODSIDE CHIPS.

Supervisor MacBain has a number of teams and men engaged in repairing our roads for the summer.

Mass will be celebrated at 9 o'clock tomorrow, Easter Sunday, at Portola, the Rev. Father Meyer officiating.

Al Neuman was elected school trustee last Friday. He received the entire vote cast, the unlucky number 12.

The carpenters and painters are busy putting the Talbot mansion into shape for his coming, which will be about the first of May.

Last Sunday being the most perfect day of the year, many people enjoyed the beautiful drive through our valley.

John Deahl came out Sunday with his new automobile, which is one of the most improved and certainly a fine machine. Howard Sallee will drive the auto.

Many of our local sportsmen sought the streams last Sunday. The water is too high at present but another week of dry weather you can look for some big catches.

PESCADERO REBOLLES.

Mrs. J. C. Coburn and family have been spending a week in the city and immediate vicinity and came back well pleased with their trip.

Fred Gianola, who is attending the high school in Redwood, is home for a week's vacation.

The book social given by the C. E. society last Friday night was well attended and fun ran high.

John Montevardo is here looking after his business interests and to meet his friends.

Every large and medium sized man and small boy are out for fish, but the streams have been high and no large catches as yet.

There was some lively work done among two candidates for school trustee on last Friday at the school election. Harry Good was out for re-election and Walter Moore was the new candidate. Harry Good was elected by sixteen majority.

J. H. Creed of Redwood Glen is brushing out a road from his place to the Big Basin, giving campers and foot tourists an opportunity of going there without having to go to Santa Cruz. Mrs. Creed and her sister walked over last summer from their place in three hours.

A large number of men have been coming in this week to work on the railroad, and many more are wanted. The fine weather will give the railroad company an opportunity of getting along fast with their grading. They are about half through between here and Pigeon Point.

IMPROVEMENT NOTES.

The greatest building movement in the history of San Mateo and Burlingame is now on in full swing. Plans have been drawn for more than fifty new residences, ranging in value from \$500 to \$100,000, in the two locations named, and spirited rivalry is abroad to obtain the necessary workmen and materials to begin construction without delay. Builders, electricians, plumbers, carpenters, plasterers and others of the building trades are overwhelmed with work.

The new issue of \$75,000 Palo Alto improvement bonds has been contracted for by a brokerage firm of Cleveland, Ohio, who will pay a total of \$79,250.25 for the issue, \$4,250.25 being the amount of the premium offered. A deposit of 5 per cent to secure the award was forwarded to the Palo Alto trustees this week, as the latter were duly notified by telegraph.

It is claimed that the bridge, which will connect the counties of San Mateo and Santa Clara, is soon to be constructed. The plans have been prepared, submitted to the Supervisors of Santa Clara and accepted. A call has been issued for the Supervisors of both counties to meet in convention and discuss the proposed structure and there is little doubt that both boards will adopt the design as drawn.

The new bridge has long been a necessity. It will prove a great convenience not only to Palo Alto, but to the Ravenscroft district, which has been opened in the southern part of San Mateo county. The bridge will cost something more than \$4000. The expense will be shared by Palo Alto and both counties.

FLOWER SHOW NEXT MONTH

The spring exhibition of the Menlo Park Horticultural Society will be held Saturday, May 5th, in the Alhambra, Redwood City. About forty prizes have been offered, for best displays of orchids, roses, carnations, sweet peas, annuals, flowering shrubs, herbaceous plants, lilies, pansies, novelties and various collection. These exhibits, heretofore held at Menlo Park but this time to be held experimentally at Redwood City, the San Mateo County seat, are famed far and wide for their rare merit. They have a practical and educational value aside from their other very interesting features, and there should be a large attendance May 5th at the Alhambra.

THE MUNICIPAL ELECTION.

TOTAL VOTE 394

W. C. HAYES 247

C. J. HYNDING 191

CHASE LITTLEJOHN 133

CLARENCE CHOATE 113

A. HESS 77

Monday's municipal election was full of that spirit which showed that the people are taking an interest in the city's affairs, and while the battle was a warm one, it was conducted with good feeling, it being generally conceded that the public good would be properly looked after no matter which of the five candidates for trustee were elected.

No one attempted to predict the outcome, except that it was generally admitted that Chairman Hayes would be returned to the board, and when the result was announced, it occasioned no great surprise. There was no other known issue at stake than the continuation of the city's improvement and in this particular the people's interests will be safely handled no matter who was elected.

The large vote received by Mr. Hayes is a testimonial of the confidence that is reposed in him, and the election of C. J. Hynding is an evidence that his ability as a councilman is still recognized and will be as effective and honest as when a quarter of a century ago he held the same position.

The vote given to Clarence Choate and Chase Littlejohn, which was almost totally unsold, is proof that both of these gentlemen have numerous friends in Redwood City. Arnold Hess put the same energy into his canvass that he gives to everything he undertakes and he made a good showing.

There was no opposition for the offices of city clerk, treasurer and marshal and the vote for those officers was as follows: For clerk, D. R. Stafford, 237; for treasurer, Frank Towne, 237; for marshal, John Christ, 247.

The polls were opened at the town hall at 6 o'clock and closed at 5 o'clock. Two hours later the result was known. The election was conducted by the following officers: Inspectors: Chas. Cullen, J. P. Cullen.

Judges: J. W. Glenban, Nelson Padlock.

MENLO PARK OCCURRENCES

Paragraphs, Personal and Otherwise, From the Village of Beautiful Homes.

Father Casey of St. Peter's church, San Francisco, and ex-sheriff, Peter Curtis were visitors at the Parochial residence of Father Lyons during the week.

The Catholics of Menlo Park are enthusiastic over the movement to sell out the property on which the church of the Nativity now stands and provide a new site for the edifice down town. It is proposed to petition the Archbishop for permission to make the change contemplated.

A large congregation listened to Fr. Meyers' touching and eloquent sermon on the Blessed Sacrament Holy Thursday evening. Fr. Meyers is always Church of Nativity's friend in need. He has at great inconvenience consented to take Fr. Bailey's place during that clergyman's absence or until the temporary vacancy can be filled by the Archbishop.

There will be three masses in the church of the Nativity to morrow, Easter Sunday, the first at 6, the second at 8 and the third at 10:30. The 10:30 mass will be a high mass followed by Benediction of the Blessed Sacrament. There will be no devotions in the evening. At the late mass the choir, under the direction of Miss Irene E. Reynolds, will render Concone's Mass. The following will take part: Sopranos, Miss Grace Pardee, Miss Fannie Casey, Miss Margaret Roche, Miss Agnes Mason; altos, Miss Nellie Casey, Miss May McCullough, Miss Della Roche; tenor, Mr. Jas. E. Fitzpatrick; basso, Mr. E. L. Schindler.

At the meeting of the Cemetery Association held last Sunday the examination of last year's accounts proved satisfactory. There is a handsome sum in the treasury notwithstanding the many expenditures for improvements, salary of superintendent, water planting, painting, etc.

James T. O'Keefe secretary of the association reported that there was a large amount due for plots and opening of graves, and that this money if forthcoming would aid the association materially
